

Length: 1hr

Delivery modes: Onsite & Virtual Presentation; Pre-recorded tutorial.

Details: Remote working is on the rise. Over the last decade, the number of employees working remotely on a weekly basis has expanded by over 400% [U.S Census Bureau].

As the concept of remote working has been thrust to the mainstream, it is apparent that skills need to be upgraded, for improved management of remote employees.

This seminar serves as an introduction to managing and motivating a distributed workforce, with useful guidelines for understanding team dynamics, maintaining engagement and keeping productivity levels high.

Content includes:

- Understanding Remote Team Dynamics
- Minimizing Isolation
- Face-Time vs. Productivity
- Setting S.M.A.R.T Goals & Deliverables
- Balancing Schedules
- Communication Strategies - Building Trust, Increasing Engagement, Fostering Loyalty
- Nurturing Emotional Intelligence
